## DK Real Estate Group Case Study

### | IN IT WITH YOU

Eddie Bender is in his first year at Viventium. His company, DK Real Estate Group, uses our Payroll and ESS services.

Eddie has been with DK Real Estate Group for 2 years, overseeing the company's accounting team and obtaining bank financing and acquisitions of new properties.

The team at DK Real Estate Group needed a change from a payroll system that was slowing them down and couldn't keep up with their company's growth.

---

---

### LIFE BEFORE VIVENTIUM...

.....

- > Manual uploads of employee information.
- > Slow, outdated system.
- > Difficulty ensuring they were compliant with the latest industry payroll and HR regulations.

### LIFE WITH VIVENTIUM...

.....

- > **Unlimited Reports** - Our ability to generate any report allows Eddie to zero in on the data that he needs.
- > **Job Costing** - Our ability to understand payroll costs across various job sites is a huge time saver.
- > **User Friendly Platform** - Our ability to provide a platform and application that is intuitive and easy to use allows for easy viewing of payroll information.
- > **Ease of Access** - Our software's ability to be accessed anywhere at any time allows Eddie and workers to access their pay-stubs, W-2's, and employee data on their own time.
- > **Client Service Representative Relationship** - Our ability to offer remarkable client service allows Eddie to have all of his questions answered in no time.

### | STARSTRUCK MOMENT

Eddie's HCM Sales Specialist, Mike, was very responsive to all of Eddie's questions. Their Implementation Specialist, Judy, worked with DK Real Estate Group to switch them from their previous provider to Viventium in the middle of the year with no issues. Mike and Judy were involved every step of the way to ensure that the transition was a smooth one.
