

VIVENTIUM®

Skilled Labor Solutions

| IN IT WITH YOU

You have a federal construction contract, city board of ed project, and a private sector building going up.

You want to analyze for each week in the past quarter what percentage of payroll cost was spent on each contract. Some of your employees have worked on all three jobs in the same week.

Don't reach for your calculator or your excel sheets, with Viventium's job costing and labor distribution analytics you can get the insight you need with the click of a mouse.

ONLY WITH VIVENTIUM YOU CAN...

.....

- > **Automate** payroll with multiple pay rates for type of work performed.
- > **Maintain** OSHA compliance data on employee level.
- > **Customize** union reports, deductions and benefit accruals.
- > **Comply** with certified payroll requirements, living wage, and all other federal and state contractor obligations.
- > **Drill down** for insight into expense per contract with multi-level cost centers.
- > **Access** Viventium with single sign on from any location, with any browser, or even on your phone when you're on-the-go.
- > **Track** and automate WOTC eligibility - free screening included.

For more information and pricing, please contact your HCM Sales Specialist or call 1-800-729-7687
