## Restaurant Solutions

### | IN IT WITH YOU

Are you taking full advantage of the FICA tip credit?

You have 5 waiters and in 2016 they reported to you \$60,000.00 in tips. Did you deduct \$4,590.00 on your corporate tax return as a FICA tip credit?

And wouldn't it be great to track your accumulating FICA tip credit for 2017 weekly?

Viventium's Business Intelligence tool will help you analyze your data across multiple restaurant locations.
